Subject: Signature Authority on Sponsored Projects

We have recently completed an internal review of policies and procedures related to the administration of sponsored projects. In order to streamline the process, it was recommended that I delegate all signature authority to our Vice President for Research. I concur with that recommendation.

Dr. Hunter's Office of Sponsored Projects Administration (OSPA) will assume responsibility for review and approval of all sponsored projects that do not require your signature or approval by the Regents. In the case of those sponsored projects that cannot be signed locally, they will be forwarded directly from the OSPA to your office.

I am quite confident that the professional sponsored project administrators in Dr. Hunter's office will do an excellent job.

Changing the inside four pages with information supplied by Arizona and edited by Nevada.

Changing the "From the Director" column with information supplied by Arizona and edited by Nevada.

Changing the bottom of each page to read "Arizona Milepost."

Changing the "No-Brainer Mail-In Page" if necessary, and supplying Arizona with copies of publications and videos advertised in this page.

Changing the last page to contain information about the Arizona T² Center, and the U.S. Postage Number.

Nevada will work with Arizona to identify content of newsletter, in particular to determine the "Focus" of each newsletter and information for the "Practical Man" column.
